

W2 JOURNAL

Monday, September 9,2024

- Today was my first day of college
- I attended maths and programming classes

Tuesday, September 10,2024

- Attended my Electrical Foundation class
- I mailed my professor regarding my delayed enrollment

Wednesday, September 11,2024

- Accidentally skipped my math make up class
- Watched the YouTube video related to coding that Safat sir told me

Thursday, September 12,2024

- Attended my EECE class
- Got a clarity about what coding and programming is
- Saw the YouTube video
- Discussed about our group project with my partner Eddy

Friday, September 13,2024

- Today I only had online classes
- Eddy and I divided the work of our project
- I wrote a bit of code of scanf
- I am having a problem running my code
- Saw some YouTube video but I was not able to resolve it

Comment

- This week was a bit rough because I arrived on Sunday night, I was a bit confused with all the things and also took some time from the professors to complete my work.
- I hope I will understand all the things gradually.
